FEEDBACK ANALYSIS
ACADEMIC YEAR: 2022-2023

STUDENT FEEDBACK:

By analyzing the STUDENT FEEDBACK reports, we have come to the conclusion that the students both PG and UG are particularly satisfied with the regular classes, quality of teaching and Examination system. Among them there is some dissatisfaction with Departmental Library Books. Both PG and UG students have special interests in organizing seminars on Departmental initiatives.

ALUMNI FEEDBACK:

Analyzing the feedback of the alumni, the Department has come to the conclusion that they are very much satisfied with the Department in completion of the syllabus properly and making the syllabus useful for the Students and making it relevant too. They also expressed considerable satisfaction with the Department's role in inculcating values among the students.

GURDIANS' FEEDBACK:

Analyzing the opinion of the Parents about the department, we have confirmed that they are satisfied with the Department's initiatives in ensuring the environment of Education, inculcating the highest values among the students. Parents are generally satisfied with the Department in terms of teaching by departmental Teachers, provision of extra classes for weak students and teacher- Parent communication and exchange of views on Reading-Learning process.

Feedback Analysis Report

We have created a form to keep a record of the student's feedback on Curriculum Structure and Evaluation. We created this feedback form for the honours students of Semester III and Semester V of Education Department.

We also asked them about their opinions related to the Skill Enhancement Course (SEC) and Discipline Specific Elective(DSE) of their syllabus whether they want any kind of changes or not in these two papers and also about teaching –learning process. After checking those forms of 60 students we get very positive responses and valuable suggestions regarding SEC, DSE papers.

On the basis of analyzed data we have decided that we will bring some changes in those papers in the upcoming session for their value and skill development.

Departmental Feedback

Journalism and Mass Communication

1) Do You like any specific topic of this subject? If yes, mention it.

2) Rate on a scale of 1 to 5, the standard of theoretical and practical classes that you have attended.

1- Average, 2 - Good, 3 - Nice, 4- Very Good, 5- Excellent

3) Rate on a scale of 1 to 5, the set-up of the department.

1- Average, 2 - Good, 3 - Nice, 4- Very Good, 5- Excellent

4) Do you want to pursue your career in this field?

5) Provide your suggestions (if any) for the overall development of the department.

Feedback Analysis

1) Analysing various responses, it can be said that most of the students like the subject and they like various topics from this field i.e., 'Advertisement', 'Public Relations', 'Photo Journalism', 'Foreign Correspondent' etc.

2) Analysing the responses received, it can be noted that maximum number of students have rated the standard of theoretical and practical classes as either 'Very Good' or 'Excellent'; with only a minor percentage indicating 'Good' and 'Nice'.

3) The department commenced classes from January 2020, but due to Covid-19 pandemic, the mode of education was shifted to online, from March 2020. Hence the department had very little physical infrastructure to start with. The department got a dedicated room after July 2023, thus most of the students rated the set-up of department from 'Average' to 'Good'.

4) Most of the students are not sure about whether they want to pursue their career in this field or not and that is why maximum responses are 'May Be'.

5) As seen in the responses most students have suggested that the department requires more computers, internet connectivity and the other practical infrastructure should be upgraded. Apart from that, they have also suggested that the department should arrange more seminars to provide the students with more extensive idea about the practical scenario of this field.

Provide your valuable suggestions (if any) for the overall development of the department:

1) Require a permanent classroom for theoretical classes
 2) A few instruments require for smooth conduction of laboratory work

Analysis Report Based On Feedback Obtained from Students

As during the academic session 2022-2023 there is no individual department is available so most of the classes were taken here and there that's why student's first requirement is – a separate department for smooth conduction of both theoretical and practical classes.

Secondly they also looking forward to overall departmental development in respect of equipments, laboratory chemicals etc.

Most of the students rated “very good” to “excellent” in the case of regularity in taking classes and about the completion of entire syllabus within the stipulated time. They also admire that the teacher was also co-operate beyond their regular classes so that they can clear their doubts as per their necessity.

They also rated ‘good’ in case of availability of chemicals and equipments and overall set up of the department as they go to different departments (Zoology, Botany, Chemistry) for using instruments during their practical classes.

Most of them rated “excellent” in terms of library books accessibility as books of international publications of different fields of microbiology (Industrial microbiology, food microbiology, virology, general microbiology etc.) are present in our central library and they can took help as per their requirement.

Beside all these things all the students (100%) are eagerly wanted to pursue their career in this field in near future.
